

STATUS DECISION OF CONTROLLED AND NON-CONTROLLED SUBSTANCE(S)

Substance: 1-Phenethylpiperidin-4-yl propionate

Based on the current information available to the Office of Controlled Substances, it appears that the above substance is:

Controlled []
Not Controlled [X]

under the schedules of the Controlled Drugs and Substances Act (CDSA) for the following reason(s):

- The substance is not listed in the schedules of the CDSA and can not be considered to belong to any family or group listed in the schedules.
It has been listed as a byproduct in the production of N-phenyl-1-(2-phenethyl)-piperid-4-amine (a controlled substance) by the company requesting the status decision. It is produced by acetylation of 1-phenethyl-piperidine-ol. Therefore it can not be considered a derivative of the controlled substance.
The Act states :16. "Fentanyl, their salts, derivatives, and analogues and salts of derivatives and analogues", which this substance can not be considered to be
