

STATUS DECISION OF CONTROLLED AND NON-CONTROLLED SUBSTANCE(S)

Substance: Diethylstilbestrol

Based on the current information available to the Office of Controlled Substances, it appears that the above substance is:

Controlled
Not Controlled

under the schedules of the *Controlled Drugs and Substances Act* (CDSA) for the following reason(s):

- The substance is not listed in the schedules of the CDSA and can not be considered to belong to any family or group listed in the schedules.
- These substances are considered by MESH as belonging to family Diethylstilbestrol
- These substances are mostly non-steroidal estrogen used to to treat menopause etc.
