

STATUS DECISION OF CONTROLLED AND NON-CONTROLLED SUBSTANCE(S)

Substance: p-Aminobenzoic Acid

Based on the current information available to the Office of Controlled Substances, it appears that the above substance is:

- Controlled
- Not Controlled

under the schedules of the *Controlled Drugs and Substances Act* (CDSA) for the following reason(s):

- the substance is not listed in the schedules of the CDSA and can not be considered to belong to any family or group listed in the schedules.
- currently N-Acetylanthranilic acid & Anthranilic acid are listed in Schedule VI of the CDSA as “Part 1 - Class A Precursors - 2. N-Acetylanthranilic acid and its salts & 3. Anthranilic acid and its salts”.
- this substance is not a salt of either N-Acetylanthranilic acid or Anthranilic acid.
