STATUS DECISION OF CONTROLLED
AND NON-CONTROLLED SUBSTANCE(S)

Substance: ______Danazol________

Based on the current information available to the Office of Controlled Substances, it appears that the above substance is:

- Controlled X
- Not Controlled □

under the schedules of the Controlled Drugs and Substances Act (CDSA) for the following reason(s):

- Merck states that Danazol is an "Anabolic steroid deriv of ethisterone, q.v., with mild androgenic side effects (an impeded androgen)" and the preparation is listed according to the MERCK in GB 905844 (1962 to Sterling Drug), C.A. 58, 6895c (1963); Manson et al., J. Med. Chem. 6, 1 (1963).
- Therefore this substance can be considered to be an Anabolic Steroid.
- Therefore the substance should be considered controlled by the CDSA under "Anabolic steroids and their derivatives"
