STATUS DECISION OF CONTROLLED AND NON-CONTROLLED SUBSTANCE(S)

Substance: Methallylescaline

Based on the current information available to the Office of Controlled Substances, it appears that the above substance is:

- Controlled ☐
- Not Controlled X

under the schedules of the Controlled Drugs and Substances Act (CDSA) for the following reason(s):

- The substance is not a salt of mescaline and therefore is not included under item 17 of Schedule III to the CDSA.

DIRECTOR, OFFICE OF CONTROLLED SUBSTANCES

This status was requested by: Matt Dann, ORS
Drug Status Report

Drug: Methallylescaline

Drug Name Status: Methallylescaline is the common name.

Chemical Name: 2-\{3,5-dimethoxy-4-[(2-methylprop-2-en-1-yl)oxy]phenyl\}ethanamine

Other Names: 4-methallyloxy-3,5-dimethoxyphenethylamine

Chemical structure:

![Chemical Structure](image)

Methallylescaline  
Mescaline

Molecular Formula: C_{14}H_{21}NO_{3}

Pharmacological class / Application: Psychedelic Drug

CAS-RN: 207740-41-8

International status:

US: Methallylescaline is not listed specifically in the Schedules to the US Controlled Substances Act and is not mentioned anywhere on the DEA website.

United Nations: The substance is not listed on the Yellow List - List of Narcotic Drugs under International Control, the Green List - List of Psychotropic Substances under International Control, nor the Red List - List of Precursors and Chemicals Frequently Used in the Illicit Manufacture of Narcotic Drugs and Psychotropic Substances under International Control.

Canadian Status: Methallylescaline is not listed in the Schedules to the CDSA. Methallylescaline is substantially similar in structure to mescaline, which is currently listed as item 17 of Schedule III to the CDSA under heading “Mescaline (3,4,5-trimethoxybenzeneethanamine) and any salt thereof, but not peyote (lophophora)”. Since the item heading does not include the analogues of mescaline, methallylescaline cannot be included under item 17 of Schedule III to the CDSA.

Recommendation: Methallylescaline is not included in the schedules to the CDSA and is not a controlled substance.

Date: November 21\textsuperscript{th}, 2012.
