IRISH POTATOES GROWN IN CERTAIN DESIGNATED COUNTIES IN IDAHO AND MALHEUR COUNTY, OREG.

Proposed Limitation of Shipments Regulation

Consideration is being given to the issuance of the limitation of shipments regulation heretofore set forth, which was recommended by the Idaho-Eastern Oregon Potato Committee, established pursuant to Marketing Agreement No. 98 and Order No. 98, both as amended (7 CFR Part 945). This marketing order program regulates the handling of Irish potatoes grown in certain designated counties in Idaho and Malheur County, Ore., and is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.).

The recommendations by the Idaho-Eastern Oregon Potato Committee reflect its appraisal of the crop and prospective market conditions. Shipments of potatoes from the production area are expected to begin on or about July 7, 1969. The certification provided herein is necessary to prevent immature potatoes and potatoes of lower grades and undesirable sizes from being distributed in the channels of commerce to improve the quality of the preferred grades and sizes. The specific requirements, hereinafter set forth, regulate the handling of potatoes by grade, size, cleanliness, and maturity so as to (1) promote orderly marketing, (2) standardize the quality of the potatoes shipped from the production area, and (3) maximize returns to the producers pursuant to the declared policy of the Act.

All persons who desire to submit written data, views, or arguments in connection with this proposal should file the same in quadruplicate with the Hearing Clerk, Room 112, U.S. Department of Agriculture, Washington, D.C. 20250, not later than 5 days after publication of this notice in the Federal Register. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).
