PART 123—TOLERANCES FOR PESTICIDES IN FOOD ADMINISTERED BY THE ENVIRONMENTAL PROTECTION AGENCY

PART 123—TOLERANCES FOR PESTICIDES IN FOOD ADMINISTERED BY THE ENVIRONMENTAL PROTECTION AGENCY

Redesignation

The Environmental Protection Agency (EPA) is redesignating Part 123, which designates the tolerances for pesticides in food issued under Chapter I of Title 21 of the Code of Federal Regulations and under section 409 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 348), as Part 193. This amendment is effective June 28, 1976.

The Commissioner of Food and Drugs, for the purposes of establishing an orderly development of informative regulations for the Food and Drug Administration, furnishing ample room for expansion of such regulations in years ahead, and for the purposes of designing and applying the scientific and medical evaluation and recommendation of the Secretary of Health, Education, and Welfare, received pursuant to section 201(b) of the Act (21 U.S.C. 310(b)), the Administrator of the Food and Drug Administration finds that the amendment does not have sufficient potential for abuse or abuse liability to justify its continued control in the Act. Therefore, under the authority vested in the Attorney General by section 201(a) of the Act (21 U.S.C. 310(a)), and delegated to the Administrator of the Drug Enforcement Administration by regulations of the Department of Justice (28 CFR Part 1), the Administrator hereby orders that 21 CFR 1308.12(b)(1) be amended as follows:
