21 CFR Part 1308

Schedules of Controlled Substances
Proposed Placement of Temazepam in Schedule IV

AGENCY: Drug Enforcement Administration, Justice.

ACTION: Notice of proposed rulemaking.

SUMMARY: This notice is a proposed rule to place the drug, temazepam, into Schedule IV of the Controlled Substances Act. By letter to the Administrator of the Drug Enforcement Administration, the Assistant Secretary for Health, on behalf of the Secretary of Health and Human Services, recommended that temazepam be controlled in Schedule IV.

DATES: Comments must be submitted on or before March 6, 1981.

ADDRESS: Comments and objections should be submitted in quintuplicate to the Administrator, Drug Enforcement Administration, 1405 I Street, Washington, D.C. 20537. Attention: DEA Federal Register Representative.

FOR FURTHER INFORMATION CONTACT: Howard McClain, Jr., Chief, Regulatory Control Division, Drug Enforcement Administration, Washington, D.C. 20537, Tele.: (202) 633–1306.

SUPPLEMENTARY INFORMATION: On November 28, 1980, the Assistant Secretary for Health, on behalf of the Secretary of Health and Human Services, sent a letter to the Administrator of the Drug Enforcement Administration, recommending that temazepam be placed in Schedule IV of the Controlled Substances Act (Title II of the Comprehensive Drug Abuse Prevention and Control Act of 1970 [21 U.S.C. 801–906]). Enclosed with this letter from the Assistant Secretary was a document which listed the factors which the Act requires the Secretary to consider and the summarized considerations of the Secretary in recommending control for temazepam.

The factors considered by the Secretary concerning temazepam were:

(1) its actual or relative potential for abuse;
(2) scientific evidence of its pharmacological effect, if known;
(3) the state of current scientific knowledge regarding the drug or other substance;
(4) its history and current pattern of abuse;
(5) the scope, duration, and significance of abuse;

(6) what, if any, risk there is to the public health;
(7) its psychic or physiological dependence liability; and
(8) whether the substance is an immediate precursor of a substance already controlled under the Controlled Substances Act.

Relying on the scientific and medical evaluation and the recommendation of the Secretary of Health and Human Services, received in accordance with section 201(f) of the Act (921 U.S.C. 811(f)), the Administrator of the Drug Enforcement Administration, pursuant to sections 201(a) and 201(b) of the Act, (21 U.S.C. 811(a) and 811(b)), finds that:

(1) based on information now available, temazepam has a low potential for abuse relative to the drugs or other substances currently listed in Schedule III;
(2) Temazepam will, upon issuance of a New Drug Application by the Food and Drug Administration, have a currently accepted medical use in treatment in the United States; and,
(3) abuse of temazepam may lead to limited physical dependence or psychological dependence relative to the drugs or other substances in Schedule III.

Therefore, under the authority vested in the Attorney General by section 201(a) of the Act (21 U.S.C. 811(a)), and delegated to the Administrator of the Drug Enforcement Administration by regulations of the Department of Justice (26 CFR Part O), the Administrator hereby proposes to amend 21 CFR 1308.14(c) by adding paragraph (21) to read as follows:

§ 1308.14 Schedule IV.
