} p62. others 40-100mg pp 62, 66, 83

++ 40mg 7/21/78 9:53AM=[0:00][0:30] slight alert [0:45] physical tremor.
 [1:00] it is starting (good, not bad) [1:15] developing steadily, but some
 body tremors too. [1:30] at ++, nice development [3:00] steady at ++. It
 would have been interesting to have gone higher. Relatively imp. [3:30]
 dropping - sad. [4:30] clearing - still ± slight residual physical
 hypersensitivity. [6:00] clear - residual diarrhea. MDA-like.
