- 5mg 1:30=[0:00] 2/17/79 n.e. (starry at [1:00]?) [1:30]?
2:00(-) 60 LSD. between +&+++ clear at [6].
- + 9mg 2:55=[0:00] 2/21/79 [0:22] alert [0:25] start [0:35]
up to + but am stuck there. [1:35] steady at + - a little retinal effect
[with] eyes closed [4:00] completely sober. Not as much effect as PSOH at 7mg
- +++ 12mg 12:22=[0:00] ATS [0:14] alert? [0:17] start [0:21] to + [0:30] full ++
or more [0:43] to full +++, intense ej. [0:58] vivid eyes-closed. [1:10]
erotic illusions to music, some light darting. [1:35] everything erotic,
rolling [1:43] how can they allow an erotic piece like Saint-Saëns #2 piano
concerto ever appear in public. let alone on the radio - at least ++ still
[2:00] fully potent again. perhaps < ++. [2:10] I must share this [with]
Benita soon. [3:15] below + - almost out [4:00] out. A rich day for insights-
love, v.child, [with] retreat, CVA, discovery fantasy. Overall good +++.
